POSTMASTER: RETURN POSTAGE GUARANTEED

Potted plants will not be sent via mail, express or freight. However, plants removed from pots, soil thoroughly washed off, carefully protected by dampened moss and wrapped in wax paper will be sent via mail, express or freight. Plants thus received, if immediately potted, using a good potting soil consisting of half soil and half humus, leaf mold, or compost, thoroughly watered and set in a shady location will satisfactorily thrive and in a few days can be set in a sunny spot or planted in the field. This foregoing declaration is made only after years of experimentation. By this means of sending plants, the loss in transit is infinitesimal and little or no disappointment to the customer.
